

Buckeye Career Center is an Education Partner with ToolingU, the leading provider of online training for manufacturing companies and education institutions. Since 2000, ToolingU has transformed the training of thousands of organizations, including Fortune 500 corporations, small companies and technical schools with targeted, authoritative content and a powerful Learning Management System (LMS).

ToolingU's online curriculum is uniquely tailored to the needs of machine operators, welders, assemblers, inspectors and maintenance professionals. Classes contain Flash-based exercises, video and interactive labs and simulators to engage students and reinforce key concepts.

ToolingU is a blended learning approach, with online classes addressing the theory and fundamentals, while "hands on" practice here at Buckeye Career Center refines the skills.

Class catalogs are available. For more information on ToolingU, contact John H. Barr, Adult Education Consultant at: 330-308-5720, 1-800-227-1662 or email at: jbarr@buckeyecareercenter.org

ToolingU: Manufacturing Training for Everyone®.
